

OSWEGO COUNTY MAINTENANCE MECHANIC "B"

The Oswego County Energy Recovery Facility has an immediate need for a Maintenance Mechanic "B" to perform mechanical work on a shift involving a variety of mechanical, hydraulic and electro-mechanical installation, repair and maintenance tasks on energy recovery plant and related equipment. The incumbent works under direction and supervision of the Chief Maintenance Mechanic or Shift Supervisor.

Qualifications: Associate's degree in engineering technology or a closely related field; **OR** Graduation from high school or possession of an equivalency diploma and one (1) year of experience in the installation, repair and/or maintenance of mechanical, electrical, hydraulic, high-pressure steam equipment and related controls and instrumentation, or in position performing structural, fabrication, or repair welding; **OR** possession of Certificate of completion from a Union-Company Sponsored Apprentice Program requiring at least 8,000 hours of on-the-job training.

NOTE: Completion of an equipment maintenance course may be substituted for up to a year of depending on length and type of training. **SPECIAL REQUIREMENT:** Eligibility for a New York State driver's license may be required. If required, maintenance of license required throughout the course of employment. Ability to use a respirator must be maintained throughout the course of employment.

Pay Rate: \$30.10 per hour plus competitive benefit package including health, life, dental and vision insurance, and NYS Retirement.

To Apply: Review of applications will begin immediately and continue until position is filled. Please visit our website to complete an online application or submit a paper application to the address below.
