LAST FILING DATE: Wednesday, December 20, 2023

EXAM FEE: \$10.00 (Oswego County CSEA - CO-OP ONLY)

Checks or Money Orders should be made out to "Oswego County". Exam fees for applications completed through our online portal can be paid online with a Visa, Mastercard, Discover or American Express credit card. Cash will **NOT** be accepted.

2024 PAY RATE: \$23.83 per hour. Promoted County employees will receive a salary adjustment per the County of Oswego Office Personnel Unit Agreement.

PROMOTIONAL QUALIFICATIONS: Candidates must have twelve (12) months of permanent, continuous, competitive class, civil service status as a Senior Telecommunicator in the Oswego County E-911 Department immediately preceding the date of the exam.

SENIORITY CREDITS: Rating of seniority is based on the length of permanent, continuous, classified civil service status up to a maximum of twenty years. Seniority credits of 0.2 per year will be added to an eligible score.

JOB DESCRIPTION: The incumbent in this class is an experienced worker who can assume responsibility individually and in a team model for supervision of a shift at a control center where Telecommunicators answer emergency and non-emergency calls for police, fire, and emergency medical services and relay information to appropriate personnel. The incumbent provides coaching and guidance to assigned staff while actively performing telecommunication duties. Employees in this class are responsible for assisting with the training, development and evaluation of subordinate staff by demonstrating procedures and techniques and interpreting policy and procedure. Under general supervision of a higher-ranking site supervisor and within the parameters of established operating procedures and guidelines, employees are expected to exercise independent judgment, alertness and responsiveness in emergency situations. The job involves an unusual working environment which includes high stress dealing with life and death situations, the need to remain calm in emergency situations and the need to be polite when dealing with angry and abusive people. Employees are required to work shifts which cover both day and night hours. The incumbent does related work as required.

SCOPE OF THE WRITTEN EXAM: A written test designed to evaluate knowledge, skills and/or abilities in the following areas:

Coding/decoding information: These questions test for the ability to follow a set of coding rules. Some questions will require you to code information by converting certain information into letters or numbers. Other questions will require you to decode information by determining if the information that has already been converted into letters or numbers is correct. Complete directions will be provided; no previous knowledge of or

training in any coding system is required.

Understanding and interpreting written material: These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions **only** on what is presented in the passages and **not** on what you may happen to know about the topic.

Work planning and scheduling: These questions test for knowledge of the principles used in developing and implementing work plans and for the ability to arrange work assignments in a manner that will achieve work goals while staying within scheduling criteria. This may include setting up vacation or work schedules, taking into consideration such factors as seniority, work skills, duty hours, and shift coverage.

Retaining and comprehending spoken information from calls for emergency services: These questions test for your ability to retain specific information that is heard in calls for emergency service, such as a street address, or to comprehend spoken information from emergency service calls, such as determining the location of a site in relation to landmarks. Simulated 911 calls will be played on audio CD. Immediately following each call, candidates are given audio instructions identifying which questions they are to answer within the test booklet. The questions that candidates are directed to answer for each simulated call will not be in sequential order. Candidates will need to retain and comprehend the information and instruction provided in this portion of the test to respond appropriately to the questions asked and to determine which questions to answer. The time allotted to answer these questions will be limited. At the end of each answer period, the CD will automatically play the next call. Note paper will be provided. Candidates will be permitted to take notes and to refer to them when answering the questions.

Radio operations and dispatching procedures: These questions test for knowledge of two-way radio systems and operations, and may cover dispatching procedures when appropriate.

Supervision and training: These questions test for the knowledge required by a supervisor to set goals, plan and organize work, train workers in how to do their jobs, and direct workers towards meeting established goals. The supervisory questions cover such areas as assigning and reviewing work, evaluating performance, maintaining work quality, motivating employees, increasing efficiency, and dealing with problems that may arise on the job. The training questions cover such areas as determining the necessity for training, selecting appropriate training methods, and evaluating the effectiveness of training.

Use of a calculator is **ALLOWED** for this exam.
